Action Taken Report

We have made the following decisions for students based on the feedback results:

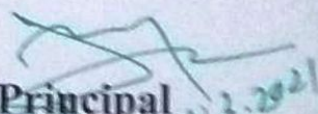

- We suggest students to examine notes after each online class, pay attention and listen to essential points of each topic, and keep notes short by utilizing phrases rather than sentences to boost their performance on assignments and tests.
- To increase the percentage of instructors who utilize ICT tools such as LCD projectors and multimedia while teaching, we increased the number of e-lecture classrooms, PCs, lab access rooms with integrated technology, and HD webcams for all teachers to the maximum number.
- We have a sufficient and well-furnished cafeteria with proper ventilation, CCTV monitoring, fully Wi-Fi linked, laptop and mobile charging point, and all varieties of foods available to improve the canteen feature.
- To improve the college washrooms, we have tried to make the lighting brighter, cleaner, and more hygienic on a daily basis, which helps to make the environment more comfortable.

On the basis of the feedback, we have made the following decisions for parents:

- To improve student counseling and guidance, all subject expert teachers provided the students with well-tailored and comprehensive advice on course content, course outcomes, career opportunities, and job possibilities, allowing them to make an informed decision and understand what they can do after college.
- Fee exemption for those students who lost their parents feedback due to the Covid-19 pandemic and also increase the number of installations in case of financial problem due to the Covid-19.

On the basis of the feedback, we have made the following decisions for Teachers:

- The institution decided to provide gratuity facility according to the suggestions of staff.
